

The **UNIVERSAL** Solution for
Commercial Door Safety Lighting

MADE IN USA

**COMMERCIAL DOOR
LIGHT KIT (CDLK)**

Every Door Should be Lighted for Safety!

EFFECTIVE

The BrinkAlert LED Safety Light Systems prevent costly door strikes, employee injuries and equipment damage by changing colors to alert personnel to the operational state of a door. LEDs are solid red when the door is fully closed, flashing red when in motion, flashing amber just prior to closing, and solid green when fully open.

DURABLE

Our super-tough IP68-rated LED light strips, marine-grade wiring, and stainless steel hardware ensure long life even in the harshest conditions. Can endure temperatures from as low as -60°F up to 165°F. Our 3-year warranty is the best in the industry!

CUSTOMIZABLE

Our patented LED Controller is the Brain of the System. It was designed & built in-house by our highly-skilled Engineering Team who stands ready to help craft a custom-designed solution that best suits your application's needs.

SUPPORTED

Our unique cutting-edge technology makes your old or new doors safer than ever. Field programming of our patented LED Controller is quick and easy. Our outstanding technical support staff ensure every project is a success.
